DESCRIPTION

- Wireless speaker compatible with Bluetooth 5.3 technology for enjoying music both indoors and outdoors.
- Compact and portable size, delivering high-quality sound thanks to its powerful peak output of 160W.
- Robust design with highly durable materials.
- RGB LED lights.
- Enhances sound by allowing two devices to be paired simultaneously and increasing audio power through True Wireless Technology.
- Compatible with Bluetooth technology: connect your device via Bluetooth and play your music with the best sound quality.
- Features USB & TF input ports to connect memory devices up to 128GB.
- Microphone input to turn your parties into a real karaoke experience.
- Rechargeable 3.7V/1800mAh lithium battery providing up to 4 hours of playback.
- Control your music directly from the speaker using the integrated buttons.
- Mobile device range for music playback up to 10m.
